

Index to Volume 14

AUTHOR AND SUBJECT INDEX

A

- Abram, Lewis E., and Frankel, Jerome S.: Pneumonitis and atelectasis occurring in the course of allergic disease, (July-Aug.) 360
- Abramson, Harold A.: Psychic factors in allergy and their treatment, 145
- Abramson, Harold A.: Psychogenic eczema in a child. Report of a case, (July-Aug.) 375
- ACTH: Its use by the slow intravenous infusion method for the relief of intractable bronchial asthma (Stephen D. Lockey), 494
- Actinomycetes, bacteria, and yeasts: Atmospheric studies including a dust storm (Marie B. Morrow et al), 21
- Adjunctive penicillin prophylaxis for bacterial allergy. A preliminary report (V. L. Szanton et al), 30
- Ailanthus glandulosa pollen as a cause of hay fever (J. Tas), 47
- Air-borne soil bacterial allergy (L. O. Dutton), 18
- Allergic aspect of recurrent vomiting in infants, The. Immunologic feeding (Bert B. Schoenkerman), 515
- Allergic phenomena, a new theory of: mechanism of hypersensitization, immune responses and allergic phenomena (M. G. Sevag), 233
- Allergic state, Diagnosis of the (James M. Steele), 1
- Allergy, The founding of the science of (Bela Schick), 343
- Allergy to castor bean meal. Report of a case of anaphylactic shock and gastrointestinal hemorrhages (Roy A. Ouer), (Sept.-Oct.) 367
- Allergy, Psychic factors in, and their treatment (Harold A. Abramson), 145
- Alternaria, Comparison of the allergenicity of a sporulating and a non-sporulating (Homer E. Prince et al), 15
- Anaphylactic and histamine shock of the guinea pig, Effect of injury to, and electrical stimulation of, hypothalamic areas on (Andor Szentivanyi and Judith Szekeley), 259
- Anaphylactic reactions, Repeated, in a patient highly sensitized to penicillin (K. J. Bierlein), 35
- Anaphylactic shock due to the use of cosmetics (George R. Laub), 511
- Anderson, D. W. (co-author): The effect of long time feeding of a soybean infant food diet to white rats, 166
- Anderson, Jack R., and Ogden, Henry D.: Topical use of prednisolone in nasal allergy. Report of a controlled study, 44
- Anti-asthmatic medication, Evaluation of (Harold S. Tuft and Daniel M. Kraus), 152
- Antigenic analysis and standardization of trichinella extract by gel diffusion (Roger P. Wodehouse), 121
- Antihistamine, a method of reducing reactions in intravenous pyelography with an (Maury D. Sanger and David E. Ehrlich), 254
- Antihistamine plus an antipyretic, Prevention of acute allergic and febrile reactions to blood transfusions by prophylactic use of an (Chester C. Winter and George V. Taplin), 76
- Antihistamine with minimal side effects, A new (Jerome J. Sievers), 181
- Arthritis, rheumatoid, Skin tests with bacterial antigens in (Oscar Swineford, Jr. et al), 139
- Asthma, chronic, Continuous steroid hormone treatment of. I. Cortisone and hydrocortisone (Walter R. MacLaren and D. Edward Frank), 183
- Asthmatic attack, Evaluation of Isuprel-Franol® in the treatment of the (Aaron D. Spielman), 194
- Asthmatic patients, acute epinephrine-fast, Molar sodium lactate in (J. S. Blumenthal et al), 506

INDEX TO VOLUME 14

- Atelectasis and pneumonitis occurring in the course of allergic disease (Lewis E. Abram and Jerome S. Frankel), (July-Aug.) 360
 Atmospheric studies, including a dust storm. Bacteria, actinomycetes, and yeasts (Marie B. Morrow et al), 21

B

- Bacteria, actinomycetes, and yeasts: Atmospheric studies, including a dust storm (Marie B. Morrow et al), 21
 Bacteria and fungi in the etiology of respiratory allergic disease. XVI. Further studies of the No. 33 extraction process. A comparative study of several dust extracts (William H. Browning, 8; XVII. Comparison of the allergenicity of a sporulating and a nonsporulating alternaria (Homer E. Prince et al), 15; XVIII. Airborne soil bacterial allergy (L. O. Dutton), 18; XIX. Bacteria, actinomycetes and yeasts: Atmospheric studies including a dust storm (Marie B. Morrow et al), 21
 Bacterial allergy, Adjunctive penicillin prophylaxis for (V. L. Szanton et al), 30
 Bacterial allergy, Air-borne soil (L. O. Dutton), 18
 Bacterial antigens in rheumatoid arthritis, Skin tests with (Oscar Swineford, Jr. et al), 139
 Baldwin, H. S.: Survey on undergraduate and graduate education in allergy; Introduction to survey, 262
 Barnard, Robert D. (co-author): The effect of cupriporphyrin on antigenicity and pyrogenicity of influenza virus vaccine, 82
 Bauer, C. D. (co-author): The effect of a long time feeding of a soybean infant food diet to white rats, 166
 Bernstein, Clarence, and Klotz, S. D.: Environmental climatologic therapy in bronchial asthma, 502
 Bierlein, K. J.: Repeated anaphylactic reactions in a patient highly sensitized to penicillin. A case report, 35
 Bierly, M. Z., Jr.: Considerations of special interest to the allergist on the composition and production of poliomyelitis vaccine, (July-Aug.) 349
 Block, R. J. (co-author): The effect of long time feeding of a soybean infant food diet to white rats, 166
 Blood, laked, incubated, autogenous. A paradoxical reaction following the administration of (Roger A. Lipton), (Sept.-Oct.) 370
 Blood transfusions, Prevention of acute allergic and febrile reactions to, by prophylactic use of an antihistamine plus an antipyretic (Chester C. Winter and George V. Taplin), 76
 Blumenthal, J. S. (co-author): Molar sodium lactate in acute epinephrine-fast asthmatic patients, 506
 Bronchial asthma, A new approach to the treatment of (I. S. Epstein and M. G. Sevag), 469
 Bronchial asthma, Controlled studies of an organic iodide in (Henry D. Ogden and John Salatch), 480
 Bronchial asthma, Environmental climatologic therapy in (Clarence Bernstein and S. D. Klotz), 502
 Bronchial asthma, intractable, ACTH, its use by the slow intravenous infusion method for the relief of (Stephen D. Lockey), 494
 Brown, E. B. (co-author): Molar sodium lactate in acute epinephrine-fast asthmatic patients, 506
 Brown, Ethan Allan: The reporting of drug toxicity. Part I. (Progress in Allergy), 206
 Browning, William H.: Further studies of the No. 33 extraction process. A comparative study of several dust extracts, 8

C

- Campbell, G. S. (co-author): Molar sodium lactate in acute epinephrine-fast asthmatic patients, 506

INDEX TO VOLUME 14

- Castor bean meal, Allergy to. Report of a case of anaphylactic shock and gastrointestinal hemorrhages (Roy A. Ouer), (Sept.-Oct.) 367
- Charlton, J. D. (co-author): Recurrent coma caused by respiratory failure, 162
- Climatologic environmental therapy in bronchial asthma (Clarence Bernstein and S. D. Klotz), 502
- Cohen, H. (co-author): Adjunctive penicillin prophylaxis for bacterial allergy, 30
- Coleman, William P. (co-author): Skin tests with bacterial antigens in rheumatoid arthritis, 139
- Coma, Recurrent, caused by respiratory failure. Report of a case (J. D. Charlton et al), 162
- Comparison of the allergenicity of a sporulating and a non-sporulating alternaria (Homer E. Prince et al), 15
- Considerations of special interest to the allergist on the composition and production of poliomyelitis vaccine (M. Z. Bierly, Jr.), (July-Aug.) 349
- Continuous steroid hormone treatment of chronic asthma. I. Cortisone and hydrocortisone (Walter R. MacLaren and D. Edward Frank), 183
- Controlled studies of an organic iodide in bronchial asthma (Henry D. Ogden and John Salatich), 480
- Cooke, Robert A.: Survey on education in allergy: A summary, 288
- Cortisone and hydrocortisone, I. Continuous steroid hormone treatment of chronic asthma (Walter R. MacLaren and D. Edward Frank), 183
- Cosmetics, Anaphylactic shock due to the use of (George R. Laub), 511
- Cupriporphyrin, The effect of, on antigenicity and pyrogenicity of influenza virus vaccine (Mark D. Freeman et al), 82

D

- Diagnosis of the allergic state. A point scoring system (James M. Steele), 1
- Diamox, Skin eruptions following the use of (Maxwell Spring), 41
- Diet, soybean infant food, to white rats, The effect of long time feeding of a (H. W. Howard et al), 166
- Diphepanil methylsulfate cream plain and with hydrocortisone in the treatment of various skin diseases (F. W. Wittich), 60
- Drug toxicity, The reporting of. Part I. (Progress in Allergy) (Ethan Allan Brown), 206
- Dust extracts, A comparative study of several. Further studies of the No. 33 extraction process (William H. Browning), 8
- Dust storm, Atmospheric studies including a. Bacteria, actinomycetes, and yeasts (Marie B. Morrow et al), 21
- Dutton, L. O.: Air-borne soil bacterial allergy, 18
- Dutton, L. O. (co-author): Bacteria, actinomycetes, and yeasts: Atmospheric studies including a dust storm, 21

E

- Eczema of the eyelids (Frederick H. Theodore), 484
- Eczema, Psychogenic, in a child. Report of a case (Harold A. Abramson), (July-Aug.) 375
- Effect of cupriporphyrin on antigenicity and pyrogenicity of influenza virus vaccine (Mark D. Freeman, et al), 82
- Effect of injury to, and electrical stimulation of, hypothalamic areas on anaphylactic and histamine shock of the guinea pig: a preliminary report (Andor Szentivanyi and Judith Szekely), 259
- Effect of long time feeding of a soybean infant food diet to white rats, The (H. W. Howard, et al), 166

INDEX TO VOLUME 14

- Ehrlich, David E., and Sanger, Maury D.: A method of reducing reactions in intravenous pyelography with an antihistamine, 254
- Environmental climatologic therapy in bronchial asthma (Clarence Bernstein and S. D. Klotz), 502
- Epstein, I. S., and Sevag, M. G.: A new approach to the treatment of bronchial asthma, 469
- Etiology of respiratory allergic disease, Fungi and bacteria in the. XVI. Further studies of the No. 33 extraction process. A comparative study of several dust extracts (William H. Browning), 8; XVII. Comparison of the allergenicity of a sporulating and a nonsporulating alternaria (Homer E. Prince, et al), 15; XVIII. Air-borne soil bacterial allergy (L. O. Dutton), 18; XIX, Bacteria, actinomycetes and yeasts: Atmospheric studies including a dust storm (Marie B. Morrow, et al), 21
- Evaluation of anti-asthmatic medication. A critique (Harold S. Tuft and Daniel M. Kraus), 152
- Evaluation of Isuprel-Franol® in the treatment of the asthmatic attack (Aaron D. Spielman), 194
- Evaluation of xanthine drugs in chronic pulmonary disease, The use of a new respiratory index for the (S. William Simon), 172
- Extraction process, No. 33, Further studies of the. A comparative study of several dust extracts (William H. Browning), 8

F

- Fackler, William R., and Loveless, Mary Hewitt: Wasp venom allergy and immunity (Sept.-Oct.) 347
- Food allergy. A review of the literature (Progress in Allergy) (Orval R. Withers and Ralph Hale), (Sept.-Oct.) 384
- Food allergy, High blood eosinophilia in. A case report (Boen Swinny), 261
- Founding of the science of allergy, The (Bela Schick), (July-Aug.) 343
- Frank, D. Edward, and MacLaren, Walter R.: Continuous steroid hormone treatment of chronic asthma. I. Cortisone and hydrocortisone, 183
- Frankel, Jerome S., and Abram, Lewis E.: Pneumonitis and atelectasis occurring in the course of allergic disease, (July-Aug.) 360
- Freeman, Mark D. (co-author): The effect of cupriporphyrin on antigenicity and pyrogenicity of influenza virus vaccine, 82
- Fungi and bacteria in the etiology of respiratory allergic disease. XVI. Further studies of the No. 33 extraction process. A comparative study of several dust extracts (William H. Browning), 8; XVII. Comparison of the allergenicity of a sporulating and a nonsporulating alternaria (Homer E. Prince, et al), 15; XVIII. Air-borne soil bacterial allergy (L. O. Dutton), 18; XIX, Bacteria, actinomycetes and yeasts: Atmospheric studies including a dust storm (Marie B. Morrow, et al), 21
- Further studies of the No. 33 extraction process: A comparative study of several dust extracts (William H. Browning), 8

G

- Gel diffusion. A quasi-critical review of recent literature (Progress in Allergy) (R. P. Wodehouse), 96
- Gel diffusion, Antigenic analysis and standardization of trichinella extract by (Roger P. Wodehouse), 121
- Goldman, Benjamin (co-author): The effect of cupriporphyrin on antigenicity and pyrogenicity of influenza virus vaccine, 82

H

- Hale, Ralph, and Withers, Orval R.: Food allergy. A review of the literature (Progress in Allergy) (Sept.-Oct.), 384

INDEX TO VOLUME 14

- Halpin, Lawrence J.: Miscellaneous review of allergy—1955 (Progress in Allergy), 291
- Halpin, Lawrence J.: Presidential address, (Sept.-Oct.) 374
- Hansen-Pruss, O. C. E. (co-author): Recurrent coma caused by respiratory failure, 162
- Hay fever, *Ailanthus glandulosa* pollen as a cause of (J. Tas), 47
- Headache (Henry D. Ogden) (Progress in Allergy), (July-Aug.) 385
- Hickam, J. B. (co-author): Recurrent coma caused by respiratory failure, 162
- High blood eosinophilia in food allergy: A case report (Boen Swinny), 261
- Histamine and anaphylactic shock of the guinea pig, Effect of injury to, and electrical stimulation of, hypothalamic areas on (Andor Szentivanyi and Judith Szekeley), 259
- Hodge, Harold C. (co-author): Is pollen a contributing factor in the seasonal incidence of poliomyelitis? 157
- Hormone treatment of chronic asthma, Continuous steroid. I. Cortisone and hydrocortisone (Walter R. MacLaren and D. Edward Frank), 183
- Howard, H. W. (co-author): The effect of long time feeding of a soybean infant food diet to white rats, 166
- Hyde, Austin T., Jr. (co-author): Skin tests with bacterial antigens in rheumatoid arthritis, 139
- Hydrocortisone, Cortisone and, I. Continuous steroid hormone treatment of chronic asthma (Walter R. MacLaren and D. Edward Frank), 183
- Hypothalamic areas, Effect of injury to, and electrical stimulation of, on anaphylactic and histamine shock of the guinea pig (Andor Szentivanyi and Judith Szekeley), 259

I

- Incidence, seasonal, of poliomyelitis, Is pollen a contributing factor in the (Daniel Leary, et al), 157
- Index, respiratory, for the evaluation of xanthine drugs in chronic pulmonary disease, The use of a new (S. William Simon), 172
- Infants, The allergic aspect of recurrent vomiting in (Bert B. Schoenkerman), 515
- Influenza virus vaccine, The effect of cupriporphyrin on antigenicity and pyrogenicity of (Mark D. Freeman, et al), 82
- Is pollen a contributing factor in the seasonal incidence of poliomyelitis? (Daniel Leary, et al), 157
- Isuprel-Franol® in the treatment of the asthmatic attack, Evaluation of (Aaron D. Spielman), 194

K

- Kaplan, Morris A. (co-author): Comparison of the allergenicity of a sporulating and a nonsporulating alternaria, 15
- Kern, Richard A.: Report on a survey of graduate education in allergy, 273
- Klotz, S. D., and Bernstein, Clarence: Environmental climatologic therapy in bronchial asthma, 502
- Koelsche, Giles A.: Survey of undergraduate education in allergy: Analysis of the questionnaires answered by the deans of medical schools, 265
- Koelsche, Giles A.: Survey of undergraduate education in allergy: Analysis of the questionnaires answered by medical school student members of Alpha Omega Alpha chapters (Honorary medical school fraternity), 270
- Kraus, Daniel M., and Tuft, Harold S.: Evaluation of anti-asthmatic medication, 152

L

- Laub, George R.: Anaphylactic shock due to the use of cosmetics, 511

INDEX TO VOLUME 14

- Leary, Daniel (co-author): Is pollen a contributing factor in the seasonal incidence of poliomyelitis? 157
- Lipman, William H.: Treatment of allergic diseases with the steroid hormones, *The*, (July-Aug.) 365
- Lipton, Roger A.: A paradoxical reaction following the administration of laked, incubated, autogenous blood, (Sept.-Oct.) 370
- Lockey, Stephen D.: ACTH: Its use by the slow intravenous infusion method for the relief of intractable bronchial asthma, 494
- Loveless, Mary Hewitt, and Fackler, William R.: Wasp venom allergy and immunity, (Sept.-Oct.) 347

M

- MacLaren, Walter R., and Frank, D. Edward: Continuous steroid hormone treatment of chronic asthma. I. Cortisone and hydrocortisone, 183
- Meyer, George H. (co-author): Bacteria, actinomycetes, and yeasts: Atmospheric studies including a dust storm, 21
- Miscellaneous review of allergy—1955 (Lawrence J. Halpin) (*Progress in Allergy*), 291
- Molar sodium lactate in acute epinephrine-fast asthmatic patients (J. S. Blumenthal et al), 506
- Morrow, Marie B. (co-author): Bacteria, actinomycetes, and yeasts: Atmospheric studies including a dust storm, 21
- Morrow, Marie B. (co-author): Comparison of the allergenicity of a sporulating and a nonsporulating alternaria, 15

N

- Nasal allergy, Topical use of prednisolone in. Report of a controlled study (Jack R. Anderson and Henry D. Ogden), 44
- New antihistamine with minimal side effects, A (Jerome J. Sievers), 181
- New approach to the treatment of bronchial asthma, A (I. S. Epstein and M. G. Sevag), 469

O

- Ogden, Henry D.: Headache (*Progress in Allergy*), (July-Aug.) 385
- Ogden, Henry D., and Anderson, Jack R.: Topical use of prednisolone in nasal allergy. Report of a controlled study, 44
- Ogden, Henry D., and Salatch, John: Controlled studies of an organic iodide in bronchial asthma, 480
- Ouer, Roy A.: Allergy to castor bean meal. Report of a case of anaphylactic shock and gastrointestinal hemorrhages, (Sept.-Oct.) 367

P

- Paradoxical reaction following the administration of laked, incubated, autogenous blood (Roger A. Lipton), (Sept.-Oct.) 370
- Pathologic and physiologic allergy (Bela Schick), 247
- Penicillin prophylaxis, Adjunctive, for bacterial allergy (V. L. Szanton, et al), 30
- Penicillin, Repeated anaphylactic reactions in a patient highly sensitized to (K. J. Bierlein), 35
- Physiologic and pathologic allergy (Bela Schick), 247
- Pneumonitis and atelectasis occurring in the course of allergic disease (Lewis E. Abram and Jerome S. Frankel), (July-Aug.) 360
- Poliomyelitis, Is pollen a contributing factor in the seasonal incidence of? (Daniel Leary, et al), 157
- Poliomyelitis vaccine, Considerations of special interest to the allergist on the composition and production of (M. Z. Bierly, Jr.), (July-Aug.) 349
- Pollen, a contributing factor in the seasonal incidence of poliomyelitis, Is? (Daniel Leary, et al), 157

INDEX TO VOLUME 14

- Pollen, *Ailanthus glandulosa*, as a cause of hay fever (J. Tas), 47
- Prednisolone in nasal allergy, Topical use of. Report of a controlled study (Jack R. Anderson and Henry D. Ogden), 44
- Presidential address (Lawrence J. Halpin), (Sept.-Oct.) 374
- Prevention of acute allergic and febrile reactions to blood transfusions by prophylactic use of an antihistamine plus an antipyretic (Chester C. Winter and George V. Taplin), 76
- Prince, Homer E. (co-author): Bacteria, actinomycetes, and yeasts: Atmospheric studies including a dust storm, 21
- Prince, Homer E. (co-author): Comparison of the allergenicity of a sporulating and a nonsporulating alternaria, 15
- Progress in allergy. Gel diffusion. A quasi-critical review of recent literature (R. P. Wodehouse), 96
- Progress in allergy. The reporting of drug toxicity, Part I. (Ethan Allan Brown), 206
- Progress in allergy. Miscellaneous review of allergy—1955 (Lawrence J. Halpin), 291
- Progress in allergy. Headache (Henry D. Ogden), (July-Aug.) 385
- Progress in allergy. Food allergy (Orval R. Withers and Ralph Hale), (Sept.-Oct.) 384
- Prophylactic use of an antihistamine plus an antipyretic, Prevention of acute allergic and febrile reactions to blood transfusions by (Chester C. Winter and George V. Taplin), 76
- Psychic factors in allergy and their treatment (Harold A. Abramson), 145
- Psychogenic eczema in a child. Report of a case (Harold A. Abramson), (July-Aug.) 375
- Pulmonary disease, chronic, The use of a new respiratory index for the evaluation of xanthine drugs in (S. William Simon), 172

R

- Rapaport, H. G. (co-author): Adjunctive penicillin prophylaxis for bacterial allergy, 30
- Reaction, A paradoxical, following the administration of laked, incubated, auto-genous blood (Roger A. Lipton), (Sept.-Oct.) 370
- Reactions to blood transfusions, acute allergic and febrile, Prevention of, by prophylactic use of an antihistamine plus an antipyretic (Chester C. Winter and George V. Taplin), 76
- Recurrent coma caused by respiratory failure. Report of a case (J. D. Charlton, et al), 162
- Repeated anaphylactic reactions in a patient highly sensitized to penicillin. A case report (K. J. Bierlein), 35
- Report on a survey of graduate education in allergy: As conducted by the American Foundation for Allergic Diseases (Richard A. Kern), 273
- Reporting of drug toxicity, The. Part I. (Progress in Allergy) (Ethan Allan Brown), 206
- Respiratory allergic disease, Fungi and bacteria in the etiology of. XVI. Further studies of the No. 33 extraction process. A comparative study of several dust extracts (William H. Browning), 8; XVII. Comparison of the allergenicity of a sporulating and a nonsporulating alternaria (Homer E. Prince, et al), 15; XVIII. Air-borne soil bacterial allergy (L. O. Dutton), 18; XIX. Bacteria, actinomycetes and yeasts: Atmospheric studies including a dust storm (Marie B. Morrow, et al), 21
- Respiratory failure, Recurrent coma caused by. Report of a case (J. D. Charlton, et al), 162
- Respiratory index for the evaluation of xanthine drugs in chronic pulmonary disease, The use of a new (S. William Simon), 172

S

- Salatich, John, and Ogden, Henry D.: Controlled studies of an organic iodide in bronchial asthma, 480

INDEX TO VOLUME 14

- Sanger, Maury D., and Ehrlich, David E.: A method of reducing reactions in intravenous pyelography with an antihistamine, 254
- Schick, Bela: The founding of the science of allergy, 343
- Schick, Bela: Physiologic and pathologic allergy, 247
- Schoenkerman, Bert B.: The allergic aspect of recurrent vomiting in infants. Immunologic feeding, 515
- Schwartz, R. Plato (co-author): Is pollen a contributing factor in the seasonal incidence of poliomyelitis? 157
- Seasonal incidence of poliomyelitis, Is pollen a contributing factor in the? (Daniel Leary, et al), 157
- Sevag, M. G.: A new theory of allergic phenomena: mechanism of hypersensitization, immune responses and allergic phenomena, 233
- Sevag, M. G., and Epstein, I. S.: A new approach to the treatment of bronchial asthma, 469
- Side effects, minimal, A new antihistamine with (Jerome J. Sievers), 181
- Sieker, H. O. (co-author): Recurrent coma caused by respiratory failure, 162
- Sievers, Jerome J.: A new antihistamine with minimal side effects, 181
- Simon, S. William: The use of a new respiratory index for the evaluation of xanthine drugs in chronic pulmonary disease, 172
- Skin diseases, Diphepanil methylsulfate cream plain and with hydrocortisone in the treatment of various skin diseases (F. W. Wittich), 60
- Skin eruptions following the use of Diamox (Maxwell Spring), 41
- Skin tests with bacterial antigens in rheumatoid arthritis (Oscar Swineford, Jr., et al), 139
- Soybean infant food diet to white rats, The effect of long time feeding of a (H. W. Howard, et al), 166
- Spielman, Aaron D.: Evaluation of Isuprel-Franol® in the treatment of the asthmatic attack, 194
- Spring, Maxwell: Skin eruptions following the use of Diamox, 41
- Standardization of trichinella extract by gel diffusion, Antigenic analysis and (Roger P. Wodehouse), 121
- Stanton, Henry T., Jr. (co-author): The effect of cupriporphyrin on antigenicity and pyrogenicity of influenza virus vaccine, 82
- Steele, James M.: Diagnosis of the allergic state. A point scoring system, 1
- Steroid hormone treatment of chronic asthma, Continuous. I. Cortisone and hydrocortisone (Walter R. MacLaren and D. Edward Frank), 183
- Steroid hormones, The treatment of allergic diseases with the (William H. Lipman), (July-Aug.) 365
- Survey on education in allergy: A summary (Robert A. Cooke), 288
- Survey on undergraduate and graduate education in allergy: Introduction to survey (Horace S. Baldwin), 262
- Survey of undergraduate education in allergy: Analysis of the questionnaires answered by the deans of medical schools (Giles A. Koelsche), 265
- Survey of undergraduate education in allergy: Analysis of the questionnaires answered by medical school student members of Alpha Omega Alpha chapters (Honorary medical school fraternity) (Giles A. Koelsche), 270
- Swineford, Oscar, Jr. (co-author): Skin tests with bacterial antigens in rheumatoid arthritis, 139
- Swinny, Boen: High blood eosinophilia in food allergy, 261
- Szanton, V. L. (co-author): Adjunctive penicillin prophylaxis for bacterial allergy, 30
- Szekely, Judith, and Szentivanyi, Andor: Effect of injury to, and electrical stimulation of, hypothalamic areas on anaphylactic and histamine shock of the guinea pig: a preliminary report, 259
- Szentivanyi, Andor, and Szekely, Judith: Effect of injury to, and electrical stimulation of, hypothalamic areas on anaphylactic and histamine shock of the guinea pig: a preliminary report, 259

T

- Taplin, George V., and Winter, Chester C.: Prevention of acute allergic and febrile

INDEX TO VOLUME 14

- reactions to blood transfusions by prophylactic use of an antihistamine plus an antipyretic, 76
- Tas, J.: *Ailanthus glandulosa* pollen as a cause of hay fever, 47
- Theodore, Frederick H.: Eczema of the eyelids, 484
- Theory of allergic phenomena, A new. Mechanism of hypersensitization, immune responses and allergic phenomena (M. G. Sevag), 233
- Topical use of prednisolone in nasal allergy. Report of a controlled study (Jack R. Anderson and Henry D. Ogden), 44
- Toxicity, drug, The report of. Part I. (Progress in Allergy) (Ethan Allan Brown), 206
- Treatment of allergic diseases with the steroid hormones, The (William H. Lipman), (July-Aug.) 365
- Treatment of the asthmatic attack, Evaluation of Isuprel-Franol® in the (Aaron D. Spielman), 194
- Treatment of chronic asthma, Continuous steroid hormone. I. Cortisone and hydrocortisone (Walter R. MacLaren and D. Edward Frank), 183
- Treatment of various skin diseases, Diphenamil methylsulfate cream plain and with hydrocortisone in the (F. W. Wittich), 60
